THE POWER
IS IN YOUR
HANDS

Auckland Energy
Consumer Trust

1. WHY HAVE YOU RECEIVED \$320?

You've been paid a \$320 dividend because on 12 August 2007 you had a power account in the AECT area and your power bill includes a Vector lines charge. This makes you a beneficiary of the Auckland Energy Consumer Trust. So when the trust makes money, you get a share of it.

The AECT covers the area once served by the Auckland Electric Power Board – see aect.co.nz for more details.

2. WHAT IS THE AECT?

The Auckland Energy Consumer Trust exists to make sure people like you get the benefit of the assets it owns. The AECT owns 75.1% of Vector Ltd (the company that owns and looks after power lines). So when Vector makes a profit, most of it goes to the AECT, and most of that is passed on to you.

3. WHAT TO DO IF YOU'VE RECEIVED A CHEQUE

You'll find a dividend cheque at the bottom of the letter that came with this brochure unless you've let us know you wanted your dividend direct credited to your bank or power account. If your name is printed on the cheque, and you've got a bank account in the same name, deposit the cheque with your bank – it doesn't have to be the National Bank. Once the cheque clears, the money is yours to do whatever you want with.

OR

If you don't have a bank account with the same name that's printed on the cheque – if you're sharing a flat, for example – we can credit the money to your power account instead. Just mail the cheque to
